

BACKGROUND EXPLANATION FOR AIMU'S COMMUNICABLE DISEASE EXCLUSION CLAUSE and
COMMUNICABLE DISEASE EXCLUSION CLAUSE AND LIMITED BUYBACK

AIMU has released Communicable Disease Exclusion (June 15, 2020) and Communicable Disease Exclusion And Limited Buyback (June 15, 2020), which address the threat of Communicable Disease exposures. These clauses can be used with a broad range of marine liability coverage forms. The first clause is intended to exclude any liability directly or indirectly related to Communicable Disease while the second clause includes a limited buyback provision. The limited buyback provision in the clause is generic in nature and may not be appropriate for every coverage form in use in the marine market.

As is the case with all AIMU clauses, these clauses are made available for voluntary use by underwriters, and underwriters should determine the appropriateness of any specific clause in relation to the policy or policy section to which they may be attached.
